

Commission for Children with Special Health Care Needs

Special Children... Special Needs... Special Care

Clinics in 14 Commission offices and other sites across the state. Clinics use a treatment team to provide care. Clinics offered are:

Asthma (Severe)	Burn	Cerebral Palsy
Cleft Lip & Palate	Craniofacial	Cystic Fibrosis
Eye	Hand	Heart
Neurology	Orthopedic	Rheumatoid Arthritis
Otology	Neurosurgery	Reconstructive Surgery
Scoliosis	Seizure	Spina Bifida

The **Hemophilia Program** provides on-going care to children and adults with bleeding disorders.

The **Newborn Hearing Screening** Program helps babies get hearing tests before they leave the hospital. Parents learn about choices for follow-up care.

Youth Transition helps young people move from school to work, from home to independent living and from child to adult health care.

Vision Screening helps children get eye tests before they enter public school.

The Commission also provides **hearing testing and follow-up care, speech, physical and occupational therapies**. Screenings for Scoliosis and hearing are important parts of the CCSHCN program.
